Consideration of draft amendments to existing Regulations

Proposal for Supplement 4 to Regulation No. 109

(Retreaded pneumatic tyres for commercial vehicles and their trailers)

Note by the Secretariat

Corrigendum

Page 2, last paragraph

Delete Logic imposes that Regulation No. 109 be modified to take into account this increase in section width with the use of the tyre, so that the retreading industry will not be penalized. It should be noted that this modification will not actually change the width of retreaded tyres on the market. It simply regularizes a pre-existing but unrecognized condition.
