

Proposals for Amendments to RID/ADR/ADN

Cylinders for breathing appliances

Transmitted by the Government of Sweden

Related document: ECE/TRANS/WP.15/AC.1/2007/45 (Sweden)

Proposal:

For UN 1002, insert the following special provision in column (6) of Table A of Chapter 3.2:

“SP XXX Cylinders and their closures designed, constructed and approved according to Directive 97/23/EC of the European Parliament and of the Council of 29 May 1997 on the approximation of the laws of the Member States concerning pressure equipment (PED) and used for breathing apparatus, may be carried without additional approval according to Chapter 6.2, provided they are periodically inspected according to the applicable requirements of packing instruction P200 in Chapter 4.1.

All other applicable provisions of RID/ADR/ADN shall apply.”
