CONCERNING PLACING THE RUSSIAN VERSIONS OF THE ECE REGULATIONS  
AT THE WP.29 WEBSITE

At the present time the English and French versions of the ECE Regulations in force are available at the WP.29 website <http://www.unece.org/trans/main/welcwp29.htm>.

The Russian versions of several ECE Regulations are available at the new public Official Document System (ODS) at the website address <http://documents.un.org/>. However, not all the ECE Regulations can be obtained from the ODS and, besides that, a user shall search for the desired document version, which might be difficult for a person having not significant knowledge about document structure of the UN entirely and the ECE WP.29 particularly.

The Russian language is the official language of UN ECE. The Russian versions of the ECE Regulations are useful not only for Russian organizations, but for organizations of some other countries.

Taking into account aforesaid, the delegation of the Russian Federation would like to ask the WP.29 secretariat about placing at the WP.29 official website the effective versions of the ECE Regulation in Russian analogously how this is done in English and French.
