STANDARDIZATION OF TECHNICAL AND SAFETY REQUIREMENTS IN INLAND NAVIGATION

Amendments to European Code for Inland Waterways
Proposal submitted by the Chairman of the informal working group on European Code for Inland Waterways

Note by the secretariat

In accordance with the decision of the fifty-second session of the Working Party (ECE/TRANS/SC.3/181, paras. 24-26), the Working Party on the Standardization of Technical and Safety Requirements in Inland Navigation (SC.3/WP.3) has carried out an extensive work in preparing amendments to the European Code for Inland Waterways (CEVNI), based on a comparative analysis of the provisions of CEVNI and the regulations of River Commissions (ECE/TRANS/SC.3/2008/6).

This document contains a list of draft amendments to CEVNI, prepared by the small informal working group on CEVNI in accordance with the decisions adopted by the thirty-fifth session of SC.3/WP.3 (ECE/TRANS/SC.3/WP.3/70, paras. 6-19) and taking into account the final comments from Governments and River Commissions. The text also includes the amendments adopted during the fifty-first and fifty-second sessions of the Working Party on Inland Water
Transport. The official adoption of these amendments has been postponed until the next substantial revision of CEVNI (ECE/TRANS/SC.3/178, paras. 21-24 and ECE/TRANS/SC.3/181, paras. 22-23).

This document is submitted as a draft resolution for the fifty-third session of the Working Party on Inland Water Transport.
