Flex PLI Catch Rope
Bracket Proposal

Mark Burleigh

20 April 2010
4 Point Catch Rope Bracket Proposal

Replaces current end protective covers
Weight 13 grams heavier than covers
Proposal currently being reviewed by TUV
Material high strength 7075 aluminium
6 mm thick
Notification of new shim thickness

Current segment fit is fine tuned with 0.05 mm thick shims
Will have 0.1 and 0.2 mm thick shims to reduce number of shims and help handling
