### Note by the secretariat

#### I. Mandate

1. In accordance with the decision of the UNECE Inland Transport Committee (ITC) to review its programme of work every two years, the next review being 2012 (ECE/TRANS/200, paragraph 120), the Working Party on Inland Water Transport (SC.3) is requested to review and adopt its programme of work for 2012–2013 as well as the relevant parameters allowing for its biennial evaluation.

2. In addition and as requested by the ITC Bureau at its sixth meeting on 20 June 2011, the Working Party should review and approve its traditional four-year work plan for 2012–2016. This work plan is contained in document ECE/TRANS/SC.3/2011/15.

#### II. Draft programme of work for 2012–2013

##### A. Introduction

3. The present document sets out the draft programme of work for 2012–2013 of ITCs subprogramme relating to “Inland Water Transport”. The Working Party is invited to consider this programme for adoption at its current session. It will then be submitted to ITC and the UNECE Executive Committee for formal approval. The Working Party and ITC will have the opportunity to adjust its programme of work during the course of the biennium, to be reflected in a separate document.

4. The draft programme of work applies a results-based approach. It comprises, for each cluster of activities, an expected accomplishment and a list of outputs/activities

proposed for 2012–2013. The delivery of these outputs/activities contributes to achieving the expected results.

5. The grouping of programme activities into clusters is the same as that used by ITC for the biennial evaluation of its subprogramme performance.

6. The following clusters of activities make up the UNECE's subprogramme on transport:
