Annex 6, amend to read:

II. Justification

1. The text should refer to the paragraph in which it explains the mandatory use of parenthesis, i.e. paragraph 3.1.14. instead of 3.1.12., applicable for tyres suitable for speeds above 240 km/h or 270 km/h respectively.

2. The fifth column of tables 3 to 7 in Annex 5 should read “Maximum overall width (mm)” instead of “Section width (mm)”.

3. Some French terms are used in Annex 5 and 6 of the English version.
