Economic Commission for Europe

Inland Transport Committee

World Forum for Harmonization of Vehicle Regulations

Working Party on Brakes and Running Gear (GRRF)

Seventy-third session

Geneva, 18–20 September 2012

Item 7(c) of the provisional agenda

Tyres – Regulation No. 106 (Tyres for agricultural tractors)

Proposal for draft Supplement 10 to Regulation No. 106

Submitted by the expert from European Tyre and Rim Technical Organisation *

The text reproduced below was prepared by the expert from the European Tyre and Rim Technical Organisation (ETRTO). Modifications to the existing text of the Regulation are marked in bold for new or strikethrough for deleted characters.

* In accordance with the programme of work of the Inland Transport Committee for 2010–2014 (ECE/TRANS/208, para. 106 and ECE/TRANS/2010/8, programme activity 02.4), the World Forum will develop, harmonize and update Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.

I. Proposal

Paragraph 2.16., the table, insert a new line to read:

"2.16 "Nominal rim diameter (d)" means ...

<i>"d"</i> <i>symbol expressed</i> <i>by codes</i>	<i>value to be used for the calculation in paras.</i> <i>6.2.1</i> <i>and 6.4 (mm)</i>
...	...
25	635
...	...

II. Justification

Rim diameter code 25 is missing for the calculation of metric designated tyres though this rim code appears in Annex 5, Table 7 for code designated tyres.
