- 10.27 As from 60 months after the date of entry into force of the 06 series of amendments **to this UN Regulation**, Contracting Parties applying this Regulation **shall not be obliged to accept, for the purpose of national or regional type-approval, a vehicle type-approved to the 05 series of amendments to this Regulation.** "

### **II. Justification**

When revising the SDWEE proposal GRSG-102-02, the experts from the SDWEE informal group realized that the proposed transitional provisions do not follow the latest update of the guidelines (they were not available at the time the draft was issued) and may lack provisions for the extension of approval.

It is suggested to add such a paragraph which should follow the guidelines per document ECE/TRANS/WP29/2011/52 as revised by WP29.

The transitional provisions then would read (the added paragraph and the changes to the existing proposal per document GRSG-102-02 are in bold).
