

United Nations Economic Commission for Europe

Transport Division

UNECE Group of Experts on Improving Safety at Level Crossings

**WP1, 67th Session,
New Delhi, 6 December 2013**

Rebecca Huang
Transport Facilitation and Economics Section

The Issue

New UNECE Group of Experts on Improving Safety at Level Crossings

Who: Membership is open to all UN member States from ECE and non-ECE member States (ie nominated Government officials/railway experts from around the world), the EU, academia and private sector.

What:

- An international discussion platform for increasing safety at the interface of road and rail systems
- Specialists from the public and private sectors and academia
- Ultimate goal is to develop a strategic plan aimed at reducing the risk of death and/or injury at level crossings, based on data that has been collected and assessed to identify the relevant safety issues

When: Two year term until 31 December 2015 (two or three meetings per year). 2014 tentative meeting dates are 20 January, 12 May and 26 September.

Where: Palais des Nations, Geneva, Switzerland

How:

EG members utilizing their networks

- + UNECE secretariat support (within existing capacities) and meetings interpretation (E, F, R)
- + collaboration with other international organizations
- + possible additional financial support provided by participating countries (to be obtained)

For the Terms of Reference (E, F, R), please go to:
