Item 5 of the provisional agenda

Work of the RID/ADR/ADN Joint Meeting

17 April 2014

Editorial correction proposed to 5.2.2.1.11.1 in Part 5

Transmitted by the Government of Sweden

Summary

Executive summary:	Editorial correction proposed to 5.2.2.1.11.1 for inclusion in ADR 2015
Action to be taken:	Delete the third sentence in 5.2.2.1.11.1 for ADR 2015
Reference documents:	ECE/TRANS/WP.15/222

1. In the report **ECE/TRANS/WP.15/222** the following amendments are included for 5.2.2.1.11.1:

“5.2.2.1.11.1 Amend the first and second sentences to read as follows:

“Except when enlarged labels are used in accordance with 5.3.1.1.3, each package, overpack and container containing radioactive material shall bear the labels conforming to the applicable models Nos. 7A, 7B or 7C, according to the appropriate category. Labels shall be affixed to two opposite sides on the outside of the package or overpack or on the outside of all four sides of a container or tank.”.

5.2.2.1.11.1 In the fourth sentence, for “under 6.4.11.2” read “under the provisions of 2.2.7.2.3.5”, replace “which conform to model” by “conforming to model” and replace the last phrase of the fourth sentence by the following: “such labels, where applicable, shall be affixed adjacent to the labels conforming to the applicable model Nos. 7A, 7B or 7C.”.

2. As a result of these amendments, provisions concerning labels on overpacks are now dealt with in the second sentence, which makes the third sentence superfluous. Sweden believes that the third sentence in 5.2.2.1.11.1 could be deleted as a consequence of the amended text for ADR 2015.

Proposal

3. Amend 5.2.2.1.11.1 to read as follows (the amendments from ECE/TRANS/WP.15/222 have been considered, and the proposed amendment is shown as strikethrough):

“5.2.2.1.11.1 Except when enlarged labels are used in accordance with 5.3.1.1.3, each package, overpack and container containing radioactive material shall bear the labels conforming to the applicable models Nos.7A, 7B, and 7C, according to the appropriate

category. Labels shall be affixed to two opposite sides on the outside of the package or overpack or on the outside of all four sides of a container or tank. ~~Each overpack containing radioactive material shall bear at least two labels on opposite sides of the outside of the overpack.~~ In addition, each package, overpack and container containing fissile material, other than fissile material excepted under the provisions of 2.2.7.2.3.5 shall bear labels conforming to model No.7E; such labels, where applicable shall be affixed adjacent to the labels conforming to the applicable model Nos. 7A, 7B or 7C. Labels shall not cover the markings specified in 5.2.1. Any labels which do not relate to the contents shall be removed or covered.”
