77th Inland Transport Committee
(24-26 February 2015)

Update on the Activities of the International Transport Forum

Mary Crass, Head of Policy and Summit Preparation

Tuesday, 24 February 2015
United Nations
Economic Commission for Europe
Geneva, Switzerland
The International Transport Forum

Intergovernmental organisation housed by OECD, with 54 member countries of which 21 non-OECD

Council of Ministers of Transport, rotating Annual presidency

Legal instruments:
European Multilateral Quota System (Road Freight)

Acts as a strategic think tank for transport policy and organises an Annual Summit of ministers

Only international transport body with a global mandate for all modes
What we work for

“Our mission is to foster a deeper understanding of the role of transport in economic growth, environmental sustainability and social inclusion and raise the public profile of transport policy”

How we do it

We serve as a global platform for discussion and pre-negotiation of transport policy issues across all modes. We analyse transport issues and trends, share knowledge and promote dialogue among transport decision makers and civil society.

Green and Inclusive Transport
18-20 May 2016
Leipzig, Germany

14h15 – 16h00
Green and Inclusive Transport

Mega trends

- Reducing local pollution & noise nuisance from urban transport
- Greening global supply chains
- Greening international passenger travel
- Low carbon urban mobility
- Infrastructure renewal: opportunities to transition to green & inclusive transport
- Coordination between levels of governance & across sectors
- Considering demographic variability for inclusive transport
- Designing transport services & networks for accessibility
- Measuring & evaluating inclusive transport policies
- Refocusing planning & policy frameworks towards access
- Major trade flow changes
- Demographic trends
- Massive urbanisation
- New technologies & digitalisation
- Climate change & energy demands
Thank you
