Committee stage (30)

During this stage, the draft from the working group is shared with the members of the parent committee (TC228). **The Committee Draft (CD) is circulated to the members of the committee who then comment and/or vote using the electronic balloting portal.** Successive CDs can be circulated until consensus is reached on the technical content.

- Working Group Meeting in November to discuss comments received on the Committee Draft (CD).
- Once the Working Group is satisfied it has fully considered and incorporated the comments received the draft standard can proceed to the next stage.

Conclusions

- ISO standards give consumers confidence
- With confidence boaters will venture to new destinations
