**Notes:**
- Class IV indicates a higher level of suitability for combined transport.
- Comments indicate specific conditions or limitations.

***Notes:**
- Lengths are measured in kilometers (km).
- Widths are measured in meters (m).
- Draughts are measured in meters (m).
- Heights under bridges are measured in meters (m).

****Notes:**
- The minimum height under bridges is a critical measurement for navigating vessels under bridges on the waterways.
