2. Climate Change and Transport Networks and Nodes: Presentations of
initiatives at national and international levels

The members of the Group will discuss initiatives at national and international levels on
climate change impacts and adaptation for transport networks and nodes. The Group may
wish to consider how this information could be better utilized in the framework of its work.

3. Partners and expected contributions

At its first and second sessions, the Group discussed potential partners for work and
possible collaboration. The Group will be informed by the representatives of different
relevant United Nations bodies such as the United Nations Framework Convention on
Climate Change (UNFCCC), the World Meteorological Organization (WMO), the United
Nations Conference on Trade and Development (UNCTAD), the Trans-European
Motorways (TEM), Trans-European Railways (TER) and Euro-Asian transport Links
(EATL) projects on concrete contributions to the Group’s work.

The members of the Group may also wish to provide guidance to further strengthen
collaboration with these bodies.

4. Discussions on the structure of the final report of the Group of Experts

The Group of Experts may wish to review and provide comments and guidance on the draft
first Chapter of the final report (ECE/TRANS/WP.5/GE.3/2016/3, ECE/TRANS/WP.5/GE.3/2016/4) prepared by the external consultant on projections of
climate change factors in the ECE region.

At its previous sessions the Group discussed and approved the outline of its final report and
the questionnaire that should be sent to collect all relevant data and information. The
members of the Group may wish to be informed about developments in replies to the
questionnaire.
