## Addendum to Paper ST/SG/AC.10/C.3/2017/18 – Miscellaneous amendments to Class 2

Transmitted by the International Organisation for Standardisation  
(ISO)

### Introduction

1. Proposal 2 in paper 2017/18 suggests adding a note in 6.2.2.7.2 (c) explaining what is meant by “the country of approval”. The text of 6.2.2.7.2 (c) is repeated in 6.2.2.9.2 (c) where the marks to be applied to UN metal hydride storage systems are specified. This paper therefore proposes to add the same explanatory note in 6.2.2.9.2 (c) also.

### Revised Proposal 2

2. Add the following new Note immediately after 6.2.2.7.2 (c) and 6.2.2.9.2 (c)

*NOTE: The country of approval shall be understood to be the country that approved the body which inspected the individual receptacle at the time of manufacture.*
