THE PEP activity in Russia

Dr. Vadim Donchenko
Scientific Director, OJSC "NIIAT"
What is THE PEP?

A tri-partite policy framework in support of investigated policy approach to sustainable and healthy transport and mobility
What are THE PEP solutions (in accordance with Amsterdam Declaration 2009)?

**INTEGRATED Policy approach**
- **3 sectors on an equal footing:**
  - Communication
  - Collaboration
  - Cooperation

**PUBLIC TRANSPORT**
- systems that are safe, clean, convenient, accessible, affordable & efficient

**INFRASTRUCTURE,** signs & signaling for safe & healthy active mobility like walking & cycling

**Mobility management schemes for work, school, leisure + eco-driving techniques**
THE PEP Implementation

- THE PEP Staffete ("Relay Race")
- THE PEP Partnerships
- National Transport, Health and Environmental Action Plans (NTHEAPs)
- THE PEP Academy
During 2016 the Russian Federation held 2 THE PEP events:

International Seminar:
"Development of non-motorized modes of transport as an alternative to the use of personal vehicles. The possibilities of adaptation of foreign experience in the Russian Federation: problems and ways of their solution"
29-31 May 2016 Petrozavodsk City

International Seminar:
"Sustainable transport planning – a modern perspective for the solution of transport problems big cities and agglomerations"
12-13 October 2016 Vladivostok, Russia
"Development of non-motorized modes of transport as an alternative to the use of personal vehicles. The possibilities of adaptation of foreign experience in the Russian Federation: problems and ways of their solution"

29-31 May 2016

Petrozavodsk City

(3 168,7 км from Geneva)

- 80 Russian and foreign participants
- 2 international organizations: UN ECE and WHO
- resolution and recommendations for implementing
National cycling parades day in Russia

Moscow - 10 000
Saint-Petersburg - 5000
Petrozavodsk - 3000

Video conference connection between cities
"Development of non-motorized modes of transport as an alternative to the use of personal vehicles. The possibilities of adaptation of foreign experience in the Russian Federation: problems and ways of their solution"

29-31 May 2016  
Petrozavodsk City

Business game (practical cycling planning exercises)
"Sustainable transport planning – a modern perspective for the solution of transport problems big cities and agglomerations“

12-13 October 2016

Vladivostok, Russia
(11 982,9 км from Geneva)

- 100 Russian and foreign participants
- 2 international organizations: UN ECE and UNDP
"Sustainable transport planning – a modern perspective for the solution of transport problems in big cities and agglomerations"
«Looking for Synergy: Integrating Transport, Urban Planning and the Use of Traffic Management Methods to Ensure Sustainable Mobility and Healthy Urban Environment»
(10-12 September 2015, Irkutsk)
Irkutsk Conference:

- More than 200 Russian and foreign participants

- 5 international organizations:
  UN ECE, WHO, International Transport Forum, UNDP, World Bank
Some results of the Irkutsk THE PEP Conference:

Irkutsk became a city to implement the Project of UNDP/GEF — Ministry of Transport of the Russian Federation 00080462 „Reducing GHG emissions from road transport in Russia’s medium-sized cities“

- modernization of the system of multimodal urban transport corridors and links between the main common areas of the city of Irkutsk,
- creation and development of infrastructure for cycling,
- improvement of traffic management in the city

**Budget:**
- about 320 000 $ from the authorities of the Irkutsk city
- about 230 000 $ from the Project of UNDP/GEF — Ministry of Transport of the Russian Federation 00080462 „Reducing GHG emissions from road transport in Russia’s medium-sized cities“

The end of all works is 3rd quarter 2017
To integrate transport, health and environmental objectives into urban and spatial planning policies

New Paris Goal 5
THE PEP Academy

- Establishment of co-operation between Universities on organizing of joint MD training Programme on sustainable urban transport
- Mutual recognition of MD Diplomas (Certificates of Degree) on this Programme
- Discussing with THE PEP Secretariat of the use of THE PEP logo for diplomas
- Organization of Summer Schools on sustainable transport topics
Welcome to Russia with new events of THE PEP Relay Race!
