Electronic exchange of information concerning Type Approval Authorities and Technical Services

WP29- Doc 343 web-based application
The WP.29 Doc 343 application provides the platform for exchange of information on the designation of Type Approval Authorities (TA) and/or Technical Services by Contracting Parties.

Contracting Parties using this platform provide information discussed under WP.29 agenda item 4.1. (see ECE/TRANS/WP.29/343/Rev.X)
Decision in March 2017

• The Heads of Delegations provide to the secretariat the contact data of the Single Point Of Contact (SPOC) of his/her Country in charge of providing the TA and TS designation information to the secretariat.

• Credential will be provided to these SPOCs for access.

• SPOCs may provide information through the platform any time they wish.

• So far: only a few Countries shared contact data.
Access without log in

Any one accessing to the platform can find (under «home») information about:

- Type Approval Authority(ies) and Technical Services (TS) in one Country
- Those designated for approving and/or performing tests and applying provisions of a given Regulation for the purpose of Type Approval.

- The platform uses the same codes as in ECE/TRANS/WP29/343/Rev.X, Annex 1
- These codes can be decrypted online in the section: «Type Approval Authorities and Technical Services»
