Proposal for Supplement [20] to the 01 series of amendments to Regulation No. 53

Submitted by the Informal Working Group on Simplification of Lighting and Light-Signalling Regulations (IWG SLR)*

The text reproduced below was prepared by IWG SLR with the aim to introduce into the 01 series of amendments to Regulation No. 53 references to the three new simplified Regulations on Light-Signalling Devices (LSD), Road Illumination Devices (RID) and Retro-Reflective Devices (RRD). The modifications to the existing text of Regulation No. 53 are marked in bold for new or strikethrough for deleted characters. Some text is shown in square brackets to indicate that discussion and a decision are required.

* In accordance with the programme of work of the Inland Transport Committee for 2014–2018 (ECE/TRANS/240, para. 105 and ECE/TRANS/2014/26, cluster 02.4), the World Forum will develop, harmonize and update UN Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.

II. Justification

In the past, some references to the device Regulations were introduced to Regulation No. 53 for clarification. With the new simplified Regulations on LSD, RID and RRD produced by IWG SLR it is necessary to introduce additional references in Regulation No. 53. This amendment deals with such additional references to the new simplified Regulations for the 01 series of amendments to Regulation No. 53.
