Informal Working Group on Functional Requirements for Automated and Autonomous Vehicles (FRAV)

Adopted Terms of Reference and Rules of Procedures

This document reproduces Annex V to the session report of the 178th session of WP.29. It is distributed for information to the Working Party on Automated/Autonomous and connected Vehicles (GRVA).

The Terms of Reference and Rules of Procedures reproduced below were adopted by the World Forum for Harmonization of Vehicle Regulations (WP.29) at its 178th session.

I. Terms of Reference

1. ECE/TRANS/WP29/2019/34, as amended by WP.29-178-10/Rev.2 (Framework Document) contains the strategic vision for the activities of WP29, GRVA and its Informal Working Groups (IWGs) with respect to automated vehicles. This framework document directs GRVA and its IWGs to use the issues, topics and deliverables from that document as guidance to inform further discussions, activities and outcomes.

2. These ToR implement the arrangements foreseen in the Framework Document and agreed by WP29.

3. As noted in document ECE/TRANS/WP29/2019/34 as amended, the IWG shall:

   - Develop functional (performance) requirements for automated/autonomous vehicles, in particular, the combination of the different functions for driving: longitudinal control (acceleration, braking and road speed), lateral control (lane discipline), environment monitoring (headway, side, rear), minimum risk manoeuvre, transition demand, HMI (internal and external) and driver monitoring. This work item should also cover the requirements for Functional Safety;

   - Do this in line with the following principles/elements: a. System safety, b. Failsafe Response, c. HMI / Operator information d. OEDR (Functional Requirements) described in document ECE/TRAN/WP29/2019/34 as amended.

4. The IWG shall take full account of developments and work in full cooperation with other subsidiary Working Parties (GRs) of WP.29 and their IWGs.

5. The group should take into account existing data, research and voluntary standards available in the contracting parties in developing its proposals.

6. The deliverables foreseen (and to be foreseen) in the Framework Document and to be developed by the IWG are common functional requirements, based upon existing national/regional guidelines and other relevant reference documents, (1958 and 1998 Agreements).

7. The IWG may propose to GRVA to work in phases on the different work items.

8. Text shall, to the fullest extent possible, be performance based and technology neutral. It shall be prepared in a neutral form such that it can be adapted for use under the 1958, 1997 and 1998 Agreements.
II. Rules of Procedure

1. The IWG shall report to GRVA and is open to all participants of WP.29.

2. Three Co-Chairs and a Secretary will manage the IWG.

3. The co-chairs may invite experts (at their discretion), including non-participants of WP.29, to assist in the development of technical standards.

4. The working language of the IWG will be English.

5. All documents and/or proposals must be submitted to the Secretary of the relevant group in a suitable electronic format in advance of the meeting. The group may refuse to discuss any item or proposal which has not been circulated five working days in advance to the meeting.

6. An agenda and related documents will be circulated to all members of the IWG in advance of all scheduled meetings.

7. Decisions will be reached by consensus. When consensus cannot be reached, the Co-Chairs of the groups shall present the different points of view to GRVA. The Co-Chairs may seek guidance from GRVA as appropriate.

8. The progress of the IWG will be reported routinely to GRVA – wherever possible as an informal document and presented by the Co-Chairs.

9. All documents shall be distributed in digital format. Meeting documents should be made available to the Secretary for publication on the dedicated website.

10. Final decision on proposals rests with WP.29 and the Contracting Parties.
