Submitted by the WP.1 Chair

This document provides a program for a joint WP.1 and WP.29 session to take place on 11 March 2020, at 16.30 in Salle XII.

Global Forum for Road Traffic Safety (WP.1) - World Forum for the Harmonization of Vehicle Regulations (WP.29): a joint meeting

11 March 2020, 16.30-18.00, Salle XII

At its eighty-first and eighty-second sessions in February 2019 and 2020, the Inland Transport Committee invited WP.1 and WP.29 to continue their close cooperation to facilitate the safe deployment of automated vehicles. In this context, at its 79th Session, WP.1 started to explore how to optimise the working synergies and to identify key priority activities in the respective agendas, given the importance of automotive automation to the work of both WP.1 and WP.29. To this end, as a follow up to the successful round table held during ITC in 2019, another joint event has been planned for the second week of March, when both fora have their plenary sessions.

The Joint Meeting will be held on Wednesday, 11 March 2020, Salle XII, starting at 16.30 – planned to end at 18.00 (no interpretation between 17.30 and 18.00).
