

# **Wanted: Brave new regulatory framework for the transport automation**

UNECE WP.1 meeting 03/2020

Kirsi Miettinen, Senior Adviser for Legislative Affairs

# Solemn need for the "Big Picture"

## Traffic rules

- Vehicles must comply with
- Safety and security

## AI regulation

- Accountability
- Transparency

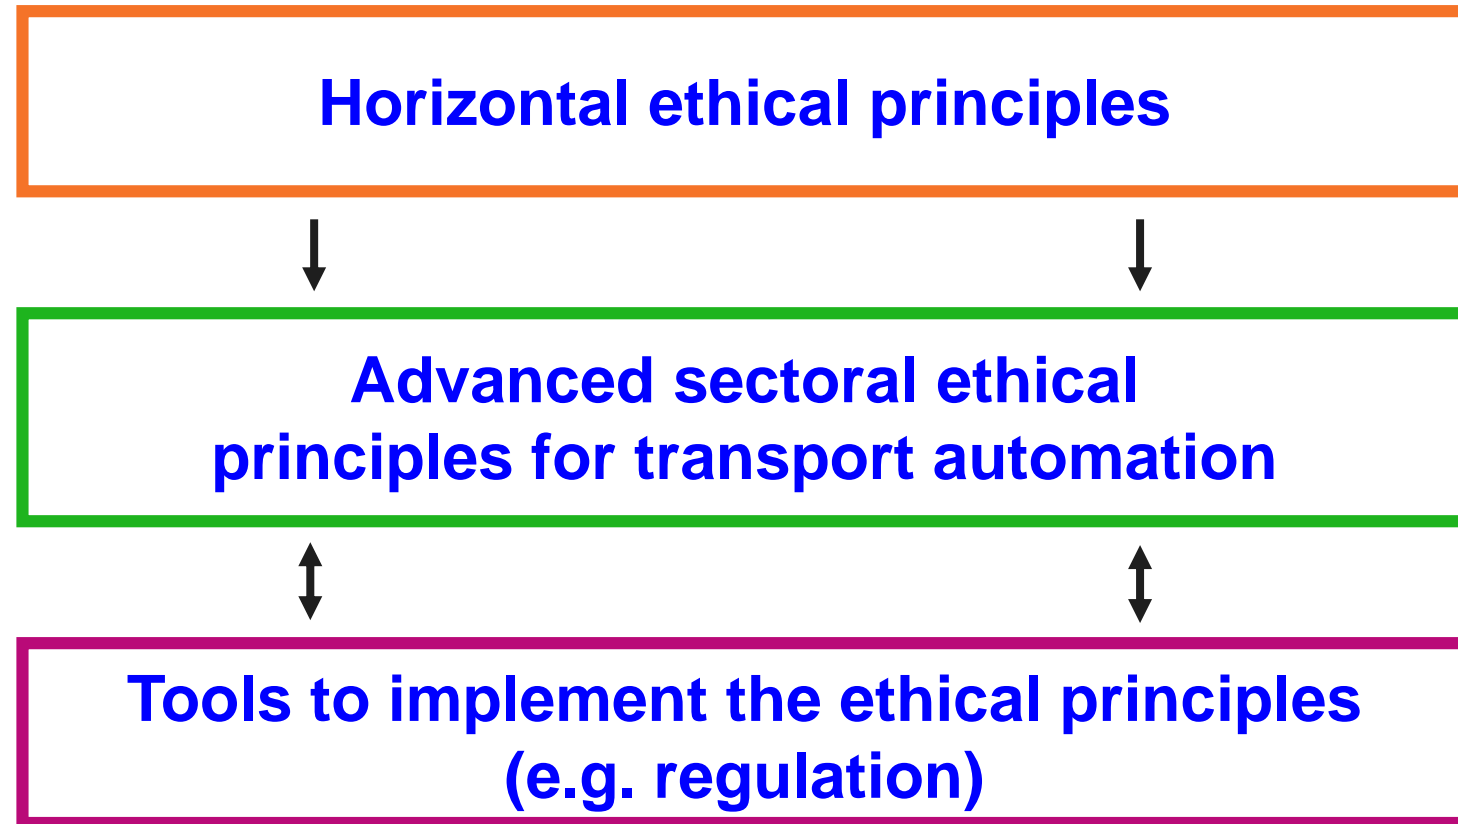

## Privacy, liability etc.

- Other forums
- Has to be taken into account!

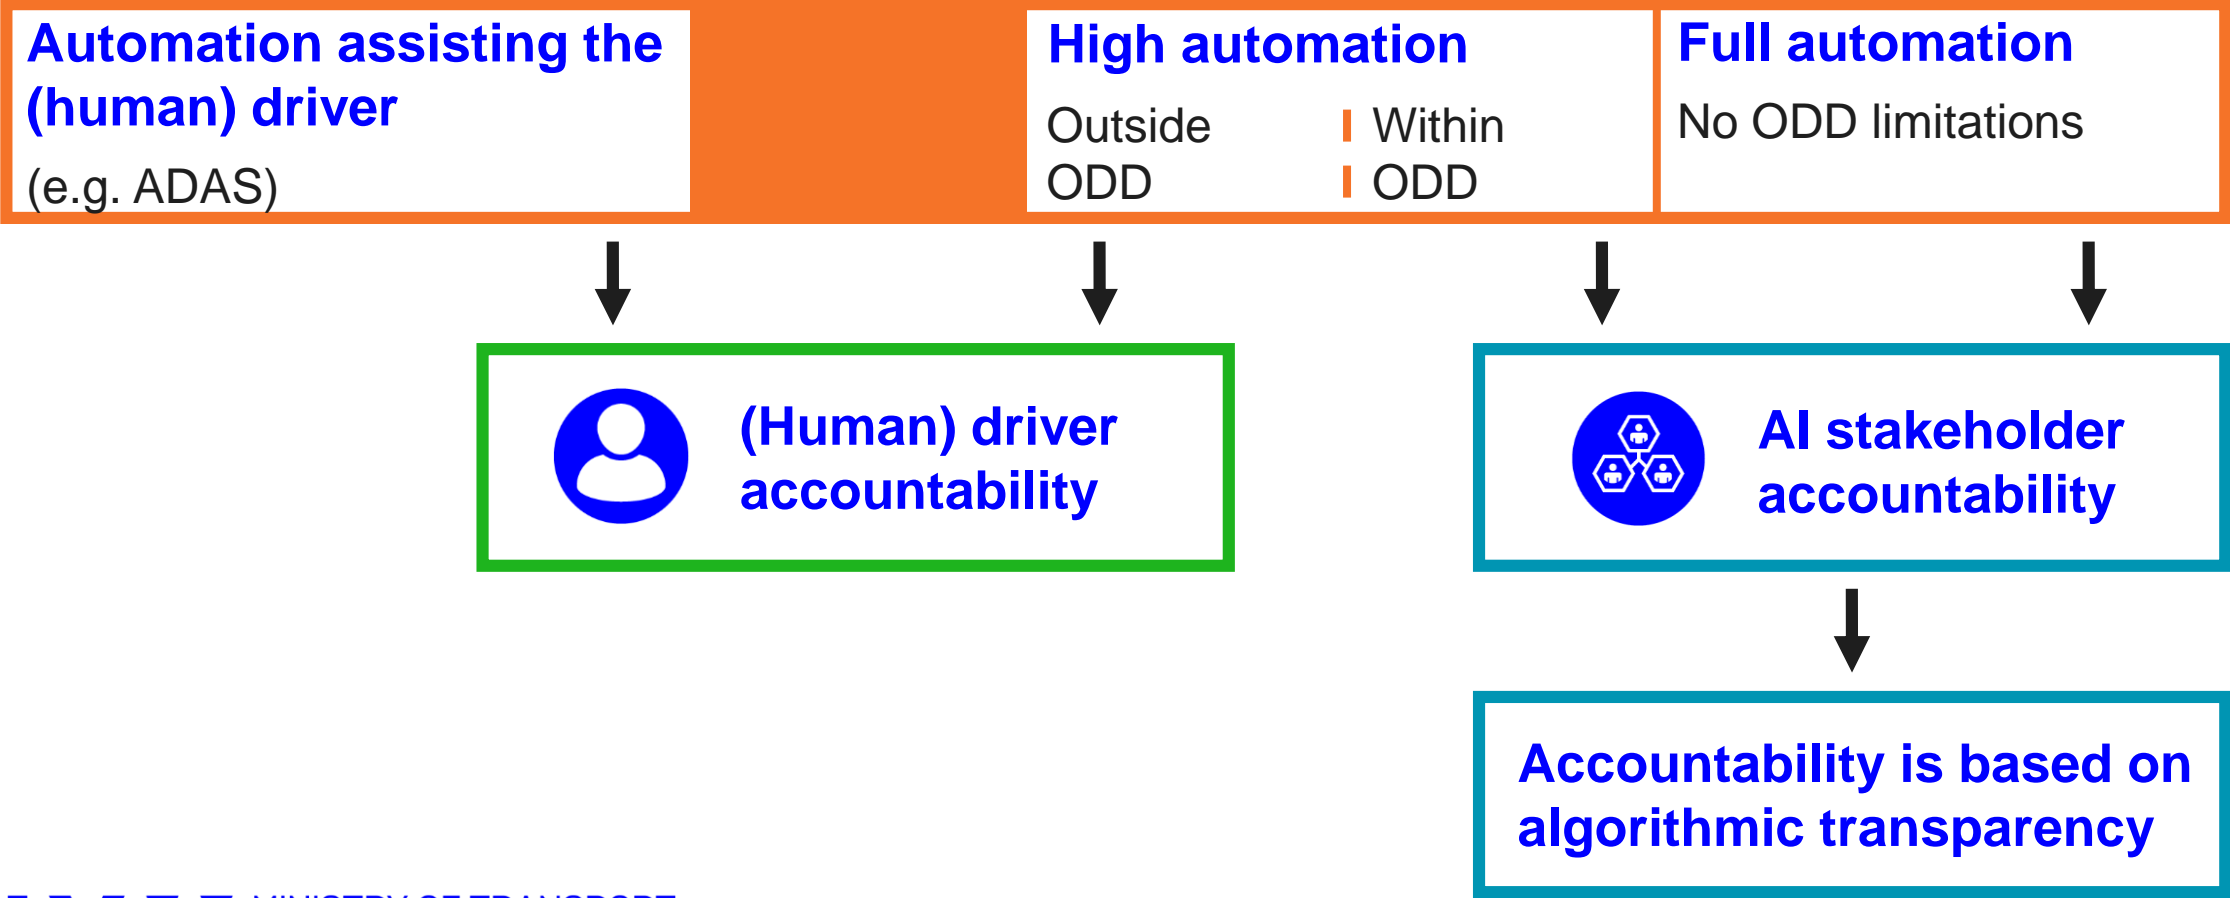

## Technical rules

- Technology neutral
- Performance based

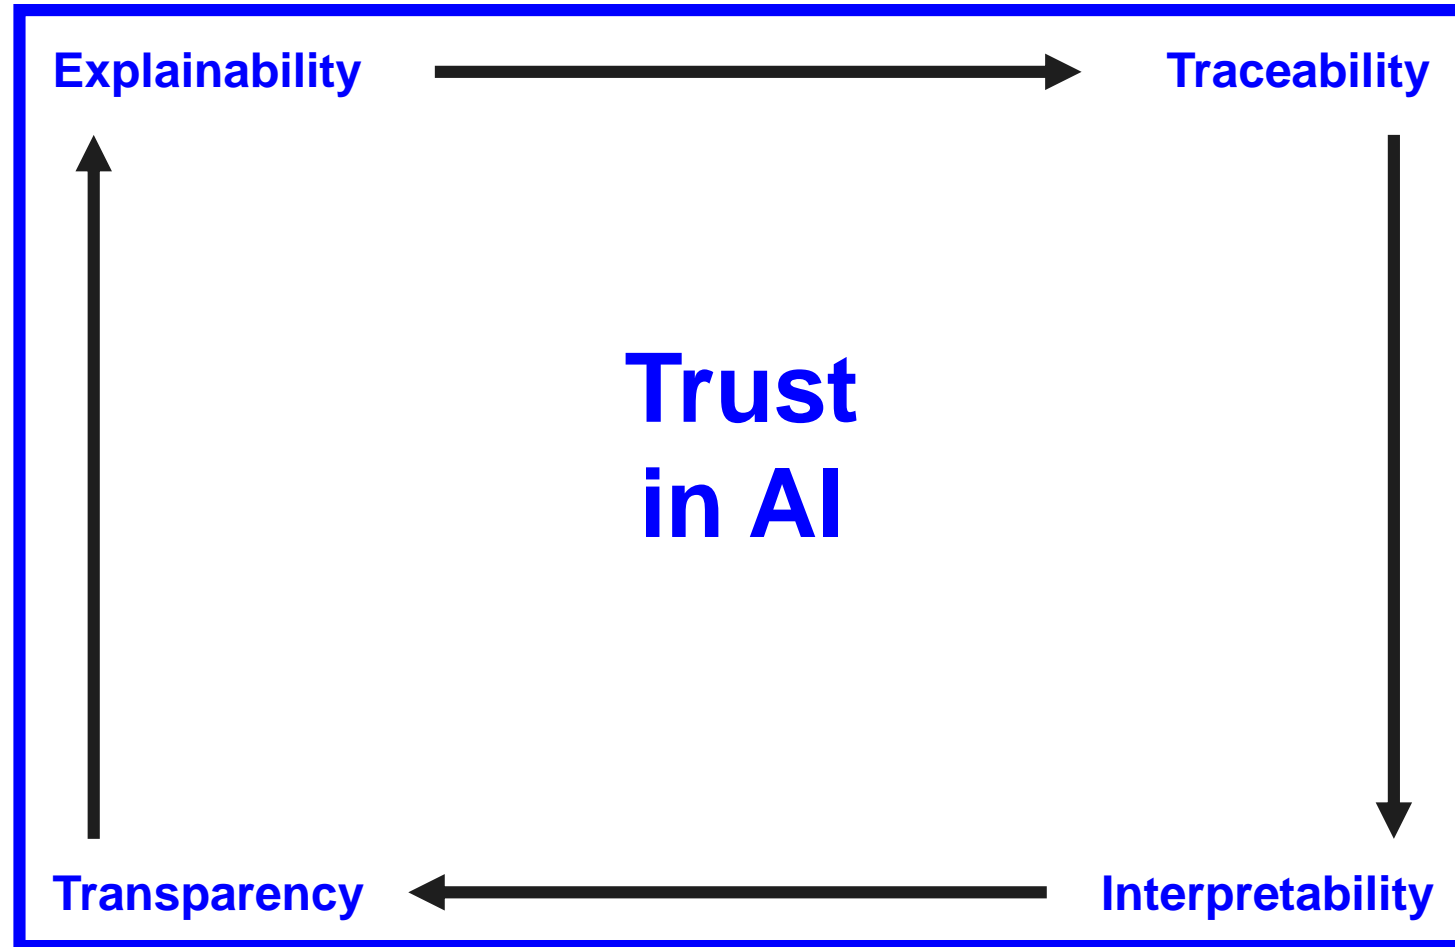

# Developing AI ethics in transport automation

# Highly and fully automated vehicles, accountability shift and algorithmic transparency

# How can we create TRUST?

# Thank you!
