FOR EUROPE**

TRANS-EUROPEAN NORTH-SOUTH MOTORWAY (TEM)

TEMSTAT Data Collection and Mapping Meeting

19 June 2013, Warsaw, Poland

R E P O R T

1. Representatives of Austria, Bosnia and Herzegovina, Croatia, Czech Republic, Hungary, Poland, Romania and Turkey, representative of the UN Economic Commission for Europe (UNECE), the TEM and TER Project Manager and the UNECE Consultant took part in the meeting. All the participants are listed in Annex 1 to this report.
2. The meeting was opened by the TEM and TER Project Manager, Mr. H. Meelich (Austria).
3. Following the approval of the agenda of the meeting (Annex 2), Mr. P. Pospisil, the UNECE Consultant, presented the results of the development of the TEMSTAT database and mapping activities in the reporting period from the 2012 meeting. He also informed the participants that in this period, the TEM PCO received the TEM Master Plan Revision follow-up monitoring templates including also the status data (Template Annex 4 - TEM) from the following countries: Austria, Croatia, Hungary, Lithuania and Romania.
4. The next part of the meeting was devoted to the communication of the 2013 TEM status and TEMSTAT 1 and 2 data on the country-by-country basis.
5. The 2013 TEMSTAT 1 and 2 tables as well as the remaining TEM network status data (see paragraph 3 above) as of 1 January 2013 will be communicated to the TEM PCO in an electronic format by 31 July 2013.
6. In the course of the meeting, the TEMSTAT 1 and 2 tables and the 2013 status data of Bosnia and Herzegovina, Czech Republic and Turkey as well as the Turkish TEM Master Plan Revision Follow-Up monitoring templates were made available to the TEM PCO representatives.
7. The 2012 TEMSTAT country maps of Austria, Bosnia and Herzegovina, Croatia, Czech Republic, Hungary, Poland, Romania and Turkey were drafted

at the meeting. As the background documents for the finalization of these maps, the additional maps of Austria, Croatia, Poland, Romania and Turkey as well as the detailed list of sections of Austrian motorways and expressways and the Polish programme of construction of national roads in 2011 – 2015 were handed over to the TEM PCO representatives.

8. As far as the remaining TEM countries are concerned, the TEM PCO will contact them and ask for submission of the respective draft TEMSTAT maps by e-mail with the same deadline as set in the item 5 (31 July 2013).
9. The TEM PCO will submit the final TEM 2013 status data and the TEMSTAT 2013 national maps to the 60th (TEM status) and 61st (TEMSTAT maps) sessions of the TEM Steering Committee.
10. On the basis of the discussion on future development of the TEMSTAT data collection system vis-a-vis the TEM Master Plan Revision follow-up monitoring system, the following conclusions were approved:
 - starting from 2014, the TEM status data would not be submitted to TEM PCO any more, since the respective data were also included in the monitoring template Annex 4 – TEM;
 - the need to submit the TEMSTAT 1 and 2 tables in the future, which should be interactively connected to the TEMSTAT maps, would be reexamined in 2014, following the respective cost estimate and decision on the assignment of the Project Manager and on the location of the TEM PCO.
11. Concluding the meeting, Mr. H. Meelich, speaking on behalf of all participants, expressed sincere thanks to the Polish General Directorate of National Roads and Motorways in Warsaw for hosting the meeting as well as to Ms. A. Cybulska, Head of its International Co-operation Team for the outstanding organization displayed.
