3. Guideline for each GR to review technical regulations applicable to IWVTA
2. UN Regulation No.0 Concept

Basic idea is to establish IWVTA under 58 agreement

-IWVTA should be established in line with the principle of the current 58 agreement, i.e.: "the CPs can choose the UN Regulations they apply"

-Consequently, the new concept of "the Regulation on IWVTA" was proposed as “UN Regulation No.0".
## 2. UN Regulation No.0 Concept

### Envisioned new structure for the revised 1958 Agreement

2. UN Regulation No.0 Concept

**Principle of UN Regulation No.0**

1. New requirements for whole vehicle type approval are established. (To include the “necessary IWVTA elements” proposed to WP29 by Japan.)

2. Contracting Parties to the 1958 Agreement (hereafter “Contracting Parties”) can select to adopt UN Regulation No.0.

3. A Contracting Party who has adopted UN Regulation No.0 (hereafter “UN R0 contracting party”) accepts and issues the UN R0 approvals (pursuant to Article 2 of the 1958 Agreement).

4. The UN R0 contracting party continue to be allowed to accept and issue individual UN Regulation approval (pursuant to Article 2 of the 1958 Agreement).

5. Issue of additional requirements or specifics to be further evaluated

6. Once UN R0 is adopted by a Contracting Party, all the UN Regulations in the List of necessary UN regulations also are adopted simultaneously (no additional procedure) by the Contracting Party (but only for the case of M1 vehicles).

7. Once an UN R0 approval is obtained, it shall be unnecessary to obtain and affix each individual UN type approval mark (Vehicle system approval only).
