ROAD SAFETY in ARMENIA - from ‘Safe Villages ’ to Safe Country

Aleksandr Bakhtamyan
Ministry of Transport and Communication

www.mtc.am
National Road Safety Strategy of Armenia

One of the key elements - Improvement of road safety engineering
WB funded Lifeline Roads Improvement Project

- Rehabilitation of rural roads
- Road Safety improvement
Road Safety improvement

- Safe ‘Villages’ pilot project
- Road safety audit system
‘SAFE VILLAGES’

- Additional road safety improvement measures

- The target village - Gyulagarak village in the Northern part of Armenia
In 2010 an Australian specialist Philip Jordan was hired for designing the Road Safety Manual, doing pilot audits for LRIP 2010 roads and delivering training on road safety audit for Armenian specialists.

“The Road Safety Audit Manual for Armenia” was created.

In 2011 the road safety audit will become mandatory.
Thank you!
